MIFAB Drainage Products Now In Stock at Aspinall's Indy Warehouse

Experience the MiFab Advantage. You owe it to yourself! Being the youngest of all the drainage manufacturers gives MIFAB the advantage of learning from other's mistakes. They've taken steps to uncomplicate and economize their whole drainage product line. That means labor savings \$. MiFab's ancestry even has ties to other major drainage manufacturers.

Give MiFab a try Today! Just call our office and tell us what you want. You can stop by and pick it up, or we'll ship it to you! We'll make sure you pay the least and get the most for your money.

We Stock Trench Drains TOO!

The MIFAB® Advantage Mission Statement!

A logical, function driven product line that replaces confusion with simplicity and offers all the features required by today's building practices without all the unnecessary duplication.
